One way to take charge of your health is to understand your health insurance options and be prepared for this year's **Open Enrollment** period. This webinar will give an overview of consumer protections, and ways to maintain or change coverage, whether you are shopping on or off the health insurance marketplace. You'll also get up-to-date information about the **Affordable Care Act** and other health insurance rules and regulations. This webinar is supported by a grant from Seagen, Inc.
