OVERVIEW

Super Fest, organized by The Matthew Foundation, is in its 7th year and is held the day before the Big Game. This annual once-in-a-childhood / young adulthood event is an inclusive football and cheerleading camp culminates in a gameday experience.

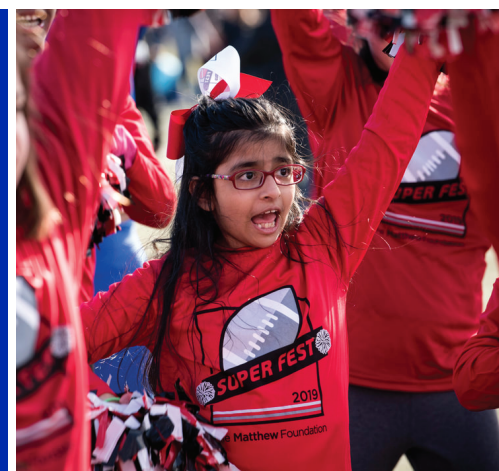

Its purpose is to promote FULL inclusion and provide an activity for people with AND without developmental disabilities to equally participate together. We believe this is the only event specifically designed for youth with disabilities to truly experience the excitement of the Big Game weekend. For more information:
